In-Kind/Match	\$1,410,390	\$1,452,357	\$1,343,886	\$1,343,886

Training and Technical Assistance funding is provided to ensure continuous professional development for staff. A professional development committee develops the training calendar which includes but not limited to staff instruction regarding any new federal mandates, compliance on Performance Standards and all mandated licensing trainings. Also included in the T&TA allocation is money used for college tuition for teaching staff to gain the required education level as well as professional development opportunities for staff through attending conferences and seminars.

The In-Kind/ Match reflects 20% of the federal budget. Items used for the In-Kind/ Match includes but is not limited to:

- Real property (classroom space);
- Goods/materials/equipment & services (items donated & time donated at board meetings);
- Classroom functions or parent's time providing health requirements i.e. physical & dental); and
- Home activities (parent/child curriculum extensions).

Funding Utilization

We are mandated to serve 842 children. We have identified twenty-one (21) centers throughout Macomb County where there is a high incidence of eligible children. In addition, we will provide 6 full-day/full-week programs.

Customer Eligibility Requirements: Children ages 3 and 4 are eligible whose family is at or below 100% of the federal poverty guidelines in accordance with the Department of Health and Human Services. For example, the annual household income for a family of four (4) cannot exceed \$22,050.

Public Services Committee 4/22/10

Performance Measures/Goals

The following Head Start Goals have been identified and are continued to be worked on:

- Increase all Medical/Dental requirements to maximize outcomes for children and families;
- Increase staff professional development;
- Improve outcome competencies for children;
- Enhance effectiveness of the Family Partnership Agreement process to promote outcomes for families;

Head Start Service Areas

Health Services – Through collaboration among families, staff, and health professionals, all children's health and developmental concerns are addressed and maintained utilizing ongoing sources of continuous, accessible support to meet their needs. Nutritious hot meals are provided by local school districts. Snack foods are designated by the program's registered dietician and meet the nutritional guidelines for snacks.

Disabilities Services – Classrooms are inclusive of children with special needs. The Disabilities Coordinator works with the families, teaching staff and Education Specialists to ensure that all children receive the full benefits of the Head Start program. A child's developmental needs are identified and addressed through parent input and screening. Evaluation and services are provided by the local educational agencies in collaboration with Head Start ensuring that the child's IEP goals are supported within the classroom.

Mental Health Services – Pro-social skills building is a focus within the classroom. Classroom practices are in place that promotes mental wellness and a child's sense of belonging in the group. Classroom observations are conducted by the Mental Health Specialist to ensure that a positive environment is in place for children and staff. In addition, the Devereux Early Childhood Assessment (DECA) is administered two (2) times per school year as the mental health assessment.

Early Childhood Education Services – Within the classroom, each child is given the opportunity to grow at his/ her rate of development. The Creative Curriculum provides the structure in which the development of each child is assessed. Through the observation of child's play, an individualized profile is created by using a comprehensive developmental continuum which identifies areas of strength in the child's development. This information allows the teaching staff to plan effectively both individually and as a group.

Family & Community Services – Parent participation is a key ingredient in the program. Some opportunities that staff offer to connect families are through parent events, parent committee meetings and literacy day events in the classroom. On an individual basis, staff works with parents in a goal setting process called a Family Partnership Agreement. The Service Coordinator works with the parents to provide resources and support for efforts in meeting their goals. We rely on community partnerships to help support the efforts in providing quality services to children and families. These partnerships, be it a multi faceted organization or an individual entity, allows our program to flourish within the boundaries of the community at large.

Transportation Services– Bus transportation is an important service for Head Start families. Having the means for children to get to and from school daily alleviates additional stress on the parent. The buses are fitted with child safety seats which secure the children safely. A classroom teaching assistant who rides the bus not only greets the child and parent at each stop, but also engages the children in appropriate bus activities in route such as singing and finger plays. Currently 57% of the 842 children are transported daily.

Program Governance – The Macomb Community Action Advisory Board and Head Start Parent's Policy Council provide a formal structure by which representatives can provide input regarding policy and the operation of the Head Start Program. These groups support the continuous improvements as well as foster the commitment to providing the highest level of services to children and families in accordance with Head Start legislation, regulations and policies.

Funding Utilization:

All staff paid with Head Start funds in part or whole would continue receiving this 1.84% hourly increase. With salary enhancements and any fringe benefits the cost would be approximately \$67,750 with the remaining money of \$29,994 to be used for higher operating costs related to rent, contractual arrangements, supplies and equipment.

MACOMB COUNTY, MICHIGAN

RESOLUTION TO: Recommend that the Macomb County Board of Commissioners

authorize the Macomb County Community Services Agency to submit the Weatherization

Assistance Program PY10 Local Service Plan.

INTRODUCED BY: Commissioner Carey Torrice, Chair Public Services Committee

Background

Macomb County Community Services Agency (MCCSA) is preparing an annual plan to the Department of Human Services for funds in the amount of \$813,961 to operate the Department of Energy (DOE) Weatherization Assistance Program for low income individuals and families. The total PY 10-11 allocation for the State of Michigan is projected to be \$11,910,904. The PY10-11 funding reflects the distribution of \$11,289,861. The Bureau of Community Action and Economic Opportunity (BCAEO) is also distributing the PY09 base funding not previously distributed to the Community Action network due to DOE's directive. Of the \$9,631,902 Michigan allocation, the BCAEO is distributing \$8,562,853 to the Community Action Agencies. The total of this funding is \$19,852,714. Please note that the PY10-11 DOE portion of this funding is based on information available at this time.

Grant Period: April 1, 2010 through March 31, 2011

Funding Amount: \$813,961 (no County match required). This allocation represents more than an 18% increase from the PY09 allocation of \$669,036.

Funding Utilization

Energy saving measures may include combustion appliance testing, insulation/ventilation, caulking, and window repair. Weatherization services helps customers put comfort, health, safety, energy efficiency, and savings into their home. Weatherization improvements can save up to 30% on heat and utility bills.

The funding available would allow us to complete 112 units. Production goals will be prioritized to specific income levels and special populations. MCCSA will give priority to households whose income falls below 125% of poverty. A minimum of 23 dwellings for people living at 125% of poverty or less will be weatherized. Of the 112 dwellings, production will include at least:

- 21 (20%) elderly units
- 17 (15%) disabled units
- 28 (25%) Human Service Department Program referrals (which include food stamp, state disability assistance, or supplemental security income recipients).

Our program will continue to leverage additional resources through coordination with community organizations and local landlords. The current allocation of Michigan Public Service Commission (MPSC) and Low Income Home Energy Assistance Program (LIHEAP) funds makes it possible to complete additional energy saving measures, identified through the priority process.

Customer Eligibility Requirements

An applicant will be considered eligible whose dwelling is occupied by a household group and whose income is at or below 200% of the poverty guidelines in accordance with the Community Services Policy. For example, the annual household income for a family of four (4) cannot exceed \$45,089.
